

IIM's HR summit ends

TIMES NEWS NETWORK

Raipur: Indian Institute of Management Raipur (IIM-R) is held a two-day two-day HR Summit on the theme "HRM in Digital Era: Creating Synergies and Capabilities".

Chhattisgarh chapter of National Human

Resource Development Network (NHRDN) was launched on the first day of the summit.

Welcoming the gathering, IIM-R director Prof. Bharat Bhasker threw light on hard-hitting points

The theme of the summit was "HRM in Digital Era: Creating Synergies and Capabilities"

such as jobless growth identifying the five major forces that would cause the same — mobility, cloud, analytics, social media and autonomous systems.

Chief guest Sanjiv Singh spoke about the magnitude with which the technology is changing and the guest of honour R Anand put forth the idea that digitalization is nothing but the death of an intermedia-

ry and intrigued the idea that disruption might become inward as machines start to become conscious.

Two panel discussions were held on the first day of the summit on the topics of "HRM in Digital Economy: Collaborating E-Management with Competency Models" and "The Practicalities of Talent Management in Digital Era".

On the second day, another two panel discussions were held on the topics "Digitalization in HR: A New Breakthrough for Organizational Sustainability" and "Corporate Transformation Through Workforce Automation".
